& Doctoral Students in EECE**

Summary & Concluding Thoughts

- Key Educational Initiatives
 - Develop a Teaching Collaboratory
 - Co-development of Unique Content & Curricula
 - Innovative Delivery Mechanisms

- What are some specific research areas?

- Interconnectivity of areas of importance

- How will we fund such initiatives?

Summary & Concluding Thoughts

- Do we create a MultiUniversity Group related to Energy and Environment?
 - A virtual Center or an E- Center
 - Some other format
- Do we hold the 2nd International Symposium on Energy & Environment?
 - Where and When?
